

## Backhoe Bucket 365H Used Sany Excavator - Efficient Performance And 36t For Demanding Jobs

### Our Product Introduction

more products please visit us on [used-excavatormachine.com](http://used-excavatormachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Sany
- Model Number: 365H
- Minimum Order Quantity: 1set
- Price: Negotiable
- Packaging Details: Container Or Bulk
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per month

#### Product Specification

- Product Model: SY365H
- Bucket Form: Backhoe
- Maximum Digging Radius: 10780mm
- Maximum Output Power: 212 KW
- Maximum Digging Depth: 7050mm
- Maximum Digging Height: 9890mm
- Machine Brand: Sany
- Operating Weight: 36tons
- Highlight: Used Sany Construction Excavator,

## Product Description

### Sany Excavator: High Efficiency with Low Fuel Consumption

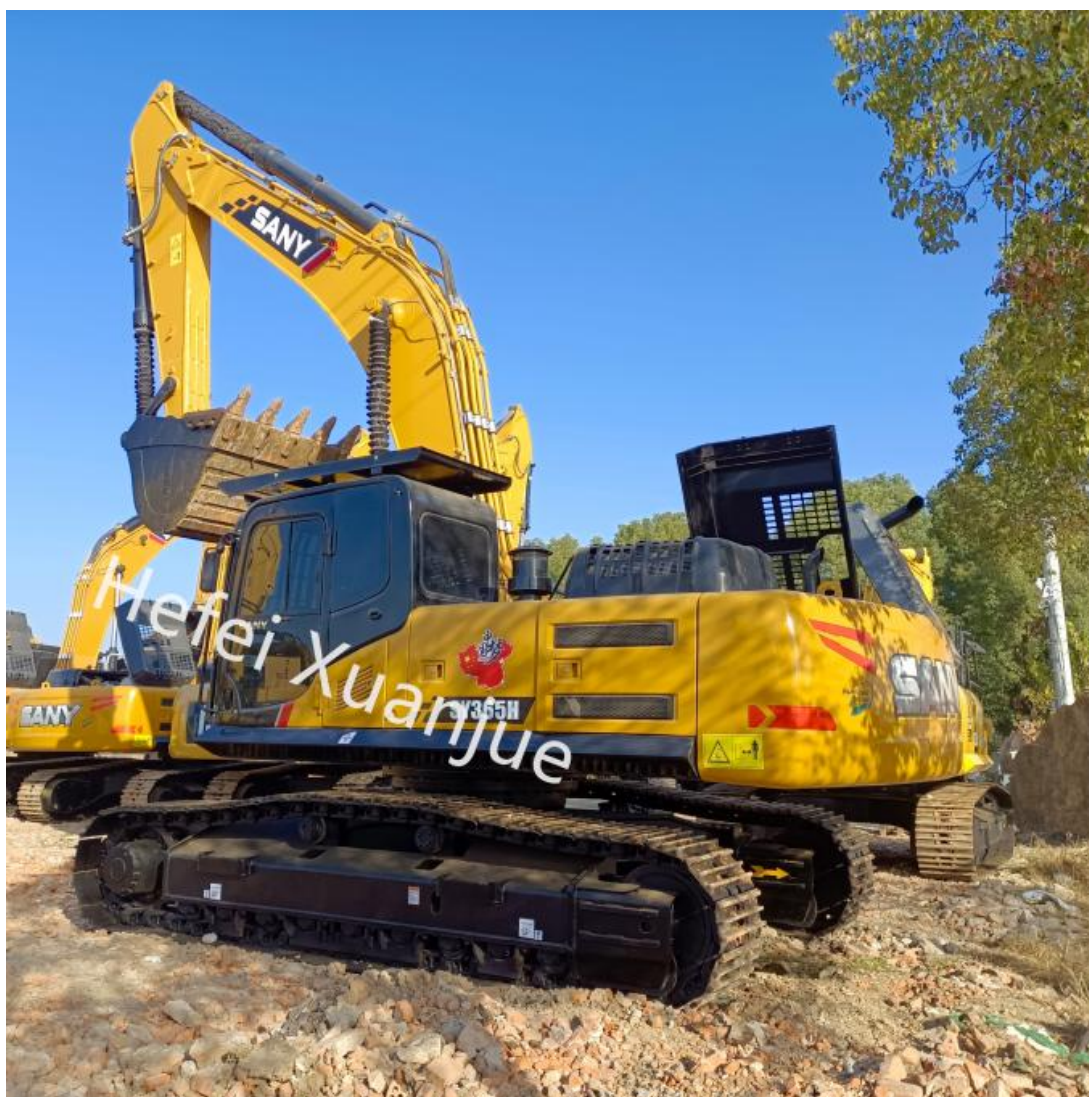

#### Product Description:

SANY 75 is a second-hand Sany Excavator, which is used in many applications from construction to mining. It has a maximum output power of 212 KW and a maximum vertical digging depth of 3970mm. Its maximum digging depth is 7050mm, and the travel speed is 5.5/3.5 Km/h. This used Sany Excavator is equipped with a backhoe bucket form, which helps to maximize productivity and efficiency. The used Sany Excavator is a reliable and cost-efficient alternative to buying a new excavator, making it an ideal choice for those looking for a used excavator.

#### Features:

Mini Second-Hand Sany Excavator  
Used Sany Excavator  
Product Model: SY365H  
Maximum Vertical Digging Depth: 3970mm  
Operating Weight: 36tons  
Year: 2022  
Maximum Digging Depth: 7050mm
